

EverGuard® and EverGuard® Extreme TPO

45mil

Utility Flashing Membrane

Description:

Increase efficiency when stripping-in coated metal flanges and areas that require a reinforced membrane for flashing with factory-built EverGuard® and EverGuard® Extreme TPO 45-Mil Utility Flashing Membrane. This single-ply roofing system accessory provides roofing contractors with an effective, easy-to-install component. GAF manufactures these and other accessories from its proven, durable EverGuard® and EverGuard® Extreme TPO single-ply reinforced membrane. GAF TPO accessories can help you reduce installation costs, risk of leaks, and callbacks, while helping you create a uniform look.

Application:

EverGuard® and EverGuard® Extreme TPO 45-Mil Utility Flashing Membrane can be installed on EverGuard® and EverGuard® Extreme TPO (any thickness) mechanically attached or fully adhered roofing systems. See published application and specifications manual for detailed instructions.
