

EverGuard® TPO and EverGuard Extreme® TPO

Heat-Weldable Cover Tape

Description:

Increase efficiency when covering metal edges with factory-built EverGuard® and EverGuard Extreme® TPO Heat-Weldable Cover Tape. This single-ply roofing system accessory provides roofing contractors with an effective, easy-to-install component. GAF manufactures these and other accessories from its proven, durable EverGuard® and EverGuard Extreme® TPO single-ply reinforced membrane. GAF TPO accessories can help you reduce installation costs, risk of leaks, and callbacks, while helping you create a uniform look.

Application:

Clean and prime metal with EverGuard® TPO Primer. Allow primer to dry or flash off. Apply the self-adhering side to the metal and the heat-weldable side to the roofing membrane. See published application and specifications manual for detailed instructions.

Product Information:

EverGuard® and EverGuard Extreme® TPO Heat-Weldable Cover Tape is constructed from EverGuard® or EverGuard Extreme® reinforced 45-mil membrane. One package contains two 100' long, 6" wide rolls with a 3" self-adhered area and a 3" heat-weldable area.
