

EverGuard® and EverGuard® Extreme TPO **GAF** UniversalCorner

Description:

Increase efficiency when covering corners with factory-built EverGuard® and EverGuard® Extreme TPO Fluted Corners. These single-ply roofing system molded accessories provide roofing contractors with an effective, easy-to-install detail. GAF manufactures these and other molded accessories using a proprietary formulation designed for use with GAF EverGuard® and EverGuard® Extreme TPO single-ply membranes. GAF TPO accessories can help you reduce installation costs, risk of leaks, and callbacks while helping you create a uniform look.

Application:

Molded accessories may be installed on mechanically attached, fully adhered, or self-adhered EverGuard® and EverGuard® Extreme TPO roofing systems using conventional techniques. Simply cut the standard size at markings to produce either inside or outside corner reinforcements. See published application and specifications manual for detailed instructions.

Product Information:

EverGuard® and EverGuard® Extreme TPO Universal Corners accommodate inside and outside corners of base and curb flashings. Universal Corners are manufactured with a thickness of 60 mils.
